## AFTER SCHOOL

Summer 2020

## NEWSLETTER

Summer 2020 looked a little different this year, but our mission of providing a safe and positive environment was stronger than ever. At Boys & Girls Club of Pharr-San Juan we adjusted to economic conditions and took necessary and recommended precautions to keep our doors open as a resource for our community. With capacity limits in place, social distancing, and continuous sanitization we safely served an average of 150 members on a daily, at all three units collectively. Lets take a look at the fun that was had this Summer!

# The Summer of Pandemic Safety!

PLEASE STAND

6 FEET APART

While safety is always the utmost priority at Boys & Girls Club of Pharr San Juan, this Summer we implemented new levels of precautions due to COVID 19. In order to ensure the health of our organization and surrounding communities, we took all CDC, state, and local government recommendations at our clubs and offices. Temperature checks, inspections upon arrival, frequent sanitization, hand washing, masking, and social distancing was continuously implemented and monitored. These protocols made for a safe, healthy, and happy Summer 2020!

# Junior Staff Program

The Boys & Girls Club of Pharr San Juan recognizes all of the Summer 2020 Jr Staff with pride and gratitude. We thank them for their shining efforts as young and ambitious individuals who completed the summer in our program. Jr Staff is designed to aid teens in gaining experience in the workforce and learning the operations of our organization firsthand. They showed diligence, leadership, and team building skills. As a reward for their hard work, BGCP SJ thanked Jr staff with gift cards to help them get new school year ready. Thank you Jr Staff!

# Thank You United States Army!

This Summer, Boys & Girls Club of Pharr-San Juan was presented with the 79th Expeditionary Fighter Squadron American Flag flown in the United States Air Force! To receive this special piece of American history that represents all those who continue to protect our freedom was a very exciting experience for our organization. A special thank you to Command Sergeant Major Marissa Cisneros for choosing us as the recipients of his honor! Our deepest appreciate for your courage and all who serve this great country!

# Meals To Go and Club Curbside!

While excited to be serving our members in the club, we know there were many families at home during these times of uncertainty. To support our communities with essential resources, we created a club curbside to go experience that continues on this Fall.

To go meals are provided Monday-Friday during lunch hours at the Main and San Juan Unit Club sites. This Summer we were able to distribute a collective daily average of 525 meals! In addition, the club curbside experience includes a packet of helpful resources and fun activities for families to enjoy at home!

This year, BGCP SJ became a proud partner of the U.S. Census! Throughout the Summer, Census representatives were able to visit our drive through distribution on a few occasions and assist families in their crucial responses. Through this partnership, several dozen households successfully responded to the U. S. Census! Its not too late to get your response in. Do your part in shaping the future of your community! # Daily Club Activities!

Daily club activities were adjusted with social distancing and mask wearing to protect the health of our organization but every day was filled with positive fun none the less. Daily programs include arts & crafts, technology, education & reading, physical fitness, and social recreation. Every day members had the opportunity to learn, be creative, keep active indoors and outdoors, all while make lasting memories with friends!
